

# !!!CELLO STOLEN!!!

**My cello and bows were stolen on 14th February from a practice room in the Hochschule für Musik und Tanz Aachen**

## **CELLO DESCRIPTION**

**Cello made by Thorsten Theis in 2018. It's made by papel wood, which makes the back and side of the cello really beautiful and special.**

## **BOWS DESCRIPTION**

**One of the bows is made by the Brazilian bow maker Mr.Valdecir with a golden ferrule and screw.**

**The second bow is not a good one but is really easy to recognize. It has a kind of hole in the frog because of the nail of my thumb place.**

## **CASE DESCRIPTION**

**Red cello case with a supporting back system and a round black sticker from Musilia.**

Please contact me if you have any information about it.
