

## Our Goal:

Musical education around the world focuses almost exclusively on technique and virtuosity. By exploring the philosophical, poetic, religious and social settings of individual compositions, the Cellissimo Academy strives to encourage the kind of musical performance in which the technique becomes the servant of imagination, of distilled emotion, and of concepts of order.

The Cellissimo Academy Masterclasses will be held this year for the very first time between 22 - 29 October 2020. The Masterclasses take place in Budapest, a stunning city with a rich architectural and historical heritage.

The masterclass is open to musicians of all ages and nationalities.

## Our Credo:

„The purpose of music is to get to know, flourish and expand our inner world better. The legends of the people consider it to be of divine origin. And where we reach the limits of human cognition, music still transcends them, into a world that cannot be known just can be only guessed.”

*Zoltán Kodály*
