Reina Sofía School of Music

2022-2023
ACADEMIC YEAR

Reina Sofía School of Music

A home for your talent in the heart of Madrid

The Reina Sofia School of Music is considered as one of the leading European Schools for especially gifted students who wish to become professional musicians.

It was founded in 1991 by Paloma O'Shea as a highly professional training centre with a double goal: **supporting the development of young musicians and bringing music closer to society.**

The Reina Sofia School was created with the help and advice of great maestros like Yehudi Menuhin, Mstislav Rostropovich, Alicia de Larrocha and Zubin Mehta, and enjoys the support of Her Majesty Queen Sofía as its Honorary President, as well as that of public and private institutions.

Every year, **150 young musicians** coming from more than **30 countries** meet **renowned teachers** – around 80 –, under the best conditions, in an inspiring building at the centre of Madrid.

The **tuition-free** system, thanks to the scholarships granted by our sponsors, allows those with enough merit to have access to the highest level of education their talent requires.

The School organises over **300 concerts** a year with more than **60,000 attendees**, in order to give students, the opportunity to mature on stage.

Why study with us

Only the very best teachers

The School prides itself in having a select group of prestigious international musicians in its teaching staff.

Student selection exclusively merit-based

In the School's auditions, the only criterion is the musical and artistic talent of the candidates. With an average acceptance rate around 6%, the Reina Sofía School is among the most selective schools in Europe.

Personalised training

We provide an intense teacher-student relationship and a program with a tailored planning of individual and collective classes.

Learning on stage

We provide its students with a multitude of performance opportunities through its extensive artistic program. On average, each student performs 20 concerts a year.

Tuition-free system

Tuition is free for all students thanks to the scholarships granted by our sponsors. In addition, the School has a system of financial assistance to help students cover their needs during the academic year (see page 9).

Employability

Our graduates have successful careers all over the world. More than 800 alumni of the School live and work today in more than 200 cities.

Outstanding facilities

The School is located in the heart of Madrid, next to the Royal Palace and the Royal Opera House, in a 5.000 m² modern building that offers a 351-seat auditorium, large classrooms, study booths, audiovisual means, and a library.

Exceptional performing opportunities

Concerts

Performing on stage is a key principle of the School ethos. For this purpose, the School organises more than 300 concerts a year. Students can perform in a recital, as a soloist, in chamber music groups, and be part of one of the School's different orchestras. Thus, students regularly enjoy the invaluable experience of performing in public.

Orchestras

The School has its own orchestras and ensembles that provide the ideal forum for students to acquire professional skills:

- Freixenet Symphony Orchestra (principal conductor: Andrés Orozco-Estrada).
- Freixenet Chamber Orchestra (principal conductor: Sir Andrés Schiff).
- Camerata EDP Foundation, for Historically Informed Performance.
- Sinfonietta, for contemporary music.

These orchestras have been conducted by prestigious international conductors such as Yehudi Menuhin, Sir Colin Davis, Jordi Savall, Lorin Maazel, Jesús López Cobos, Zubin Mehta, Péter Eötvös, and Juanjo Mena, among others.

Outstanding careers all over the world

The School's success is its students' success. Almost 800 Alumni, that represent 63 different nationalities, develop their careers in 200 different cities over 49 countries.

APPLICATION

The applicant must fill in the online form at: www.escuelasuperiordemusicareinasofia.es
Application fee: €100 to be paid at the time of application.
Applications must be submitted before 10 February 2022.

ADMISSION PROCESS

1st round. Preselection

The Selection Committee will evaluate the transcript of records and the audiovisual material of each candidate and will select those who pass to the next auditions round.

2nd round. Auditions

The auditions for the selected applicants will be in person. Please take a moment to find out

specific requirements of each chair, as they might differ between teachers.
Audition fee: €30 to be paid before the audition.

Structure of the auditions:

1) Performance test

Each teacher has specific repertoire requirements which should be consulted in the following pages.

If, after listening to all auditionees the panel is still undecided, the applicant may be asked to have a lesson with the principal teacher. This is neither a requirement nor is it compulsory, but it is only an additional mean that the audition panel might use if it is felt it will assist them in reaching a final decision.

2) Music Theory test

Candidates selected after the audition must take a theory and a practical test to assess their level in case they are admitted. Taking these tests do not imply admission to the School.

A. Music Theory test.

A comprehensive test of music history, musical analysis, and ear training.

- Music History:

The candidate must respond to a general knowledge questionnaire about music history, whose content will range from early music to 20th century music.

- Musical Analysis:

Harmonic and musical form analysis of an instrumental piece from the classical or romantic period.

- Aural Harmony:

Test of the knowledge of the theoretical foundations in terms of tonalities and construction of intervals and chords: type, inversions, chord progressions, cadences, etc.

B. Practical test.

- An individual test of Piano as Second Study:

Piano performance of at least one work and, if possible, two of different styles.
Maximum length: 10 minutes.

Note: In case of not having studied piano before, please notify the music office during the auditions. Candidates applying for piano chairs shall not take this test.

- An individual test of Aural Training:

1. Aural Training:

Absolute and relative Aural Test.

Intervallic, melodic, polyphonic and harmonic listening.

Dictation and practical exercises of construction of intervals, triads and chords.

2. Rhythmic test:

Assesment of rhythmic comprehension, realisation and coordination with progressive difficulty, including different polyrhythmic combinations.

Tuition-free system

Tuition is free for everyone. The student may request a scholarship from Fundación Albéniz to cover 100% of the tuition cost, which amounts to €45,000 per year, and which is equivalent to the average annual cost of studies. The initial grant of the scholarship is conditional upon signature and acceptance of the specific terms of the scholarship. The scholarship is granted on an annual basis with the possibility of renewal, which will be approved depending on the student's academic and artistic development, as well as the respect for the code of conduct.

The only payment that students have to assume is 1,200 euros for the reservation of a place.

There are also other kinds of support available:

- **Artist fee:** Students may receive compensation for some of their performances at the School's concerts.
- **Dining assistance:** The School has an agreement with an establishment that offers students daily meals at a very low price.
- **Employment opportunities** at the School's activities.
- **Accommodation scholarships:** Some of the School's sponsors offer scholarships to cover the costs of accommodation for students. These are awarded in accordance with the criteria established annually by the sponsors themselves.
- **Medical insurance:** The School covers the annual cost of private health insurance for non-EU students.
- **Assistance in obtaining a loan** from a financial institution. The School helps the student throughout the administrative application process.
